Summer
La Pasay Collection

"Beyond" is the essence of our newly designed Summer La Pasay collection. Following our vision of transforming iconic objects into exquisite, minimalist, and aesthetic furniture. This new collection marks the end of the La Pasay Chairlift, with a limited quantity of twenty examples remaining today.

To design and manufacture the highest quality product, we have decided to work with certified suppliers to ensure a 100 % *Swiss Made* product.

We have upgraded the structure by replacing the wooden slats with a steel foil for the back and seat, ensuring enhanced durability and comfort.

ICONICRAFTS

A young brand with modern values, emphasizing locally designed and produced products, ensuring originality and sustainability.

Drawing inspiration from the finest sources and our surrounding environment, we meticulously craft designs that seamlessly integrate with their context.
